ARE WE MISSING SOMETHING HERE: THE GODHEAD, THE HOLY SPIRIT, AND THE "INFINITE COST" OF OUR SALVATION BY BRUCE BIVENS PDF

"Let not a wise man boast of his wisdom, and let not the mighty man boast of his might, let not a rich man boast of his riches; but let him who boasts boast of this, that he understands and knows Me...declares the LORD." (Jeremiah 9:23,24).

A great deal of interest has been aroused in recent years concerning the Holy Spirit, His identity and His work. This is no mere coincidence. Never has there been a time when the Church has needed the Holy Spirit more and yet been so bankrupt of its "Power" than today. Could it be that we have misunderstood something crucial about the Holy Spirit? Bruce Bivens has devoted the major portion of the last three years to the intense study of the person of the Holy Spirit. He has been pleasantly surprised by the depth, beauty and simplicity of what the Lord has to say concerning the mysteries of the Godhead and the person of the Holy Spirit. And so will you. "Are We Missing Something Here?" is the product of his study and is refreshingly straightforward, logical, challenging, Bible-based and empowering.

If your tired of all the propaganda floating around the Church concerning the Trinity and the Holy Spirit...If your tired of belonging to a "Powerless" Church...If your tired of the absence of "Victory" in your own life...If you would like to know for sure just what the truth is concerning the Godhead and the Holy Spirit...Then this book is for you!

God would like nothing more than to pour out the Holy Spirit upon us and to give us POWER - but the Holy Spirit cannot be given in its full "Power" until we have a much truer understanding and appreciation of "Who" He is, "How" He has come to be offered to us and "Why". The answers to these questions will not only astound you, they will also empower you (and your church) as never before. This book will give you those answers in a straightforward, understandable and powerful way.

Transforming knowledge

What powerful and profound content. If you have the courage to be open minded to genuine truth, rather than just being spoon fed from the pew, this book will change your life and give meaning to the gospel like never before. The Lord is both our brother in the flesh forever (fully human) and our eternal life and

righteousness by the gift of His own divine Spirit (fully divine). Satan's done his best to hide this truth from us and the whole Christian world. We can know Him who is the Truth or we can be told what to believe by systems of religion, it's up to us individually (free will).

WARNING: The author denies the Trinity!

By Charles Martel

I cannot recommend this book because Mr. Bivens denied the Trinity. The Trinity is one of the most foundational truths of the Christian faith. This book will not clear up what he called the "propaganda floating around the Church concerning the Trinity." He simply adds additional false teaching to a cultic worldview. Unfortunately, Bruce died in 2013 before being able to correct the errors contained in this book.
