Review

This excellent resource is idea for those who work with teens or new converts. It would also be an asset to new believers who want to understand Christianity better. Smith explains doctrinal topics such as the Holy Spirit, the Bible, heaven and hell, the church body, sin, and salvation in simple terminology. He also provides questions for individual and group study that help deepen one's understanding. (Ruth O'Neil CBA Retailers and Resources 2015-01-29)

About the Author

Though he's earned two undergraduate degrees and one advanced degree, David R. Smith prefers to have simple conversations about faith and life. He pastors First Baptist Church in Linden, Florida, where he lives with his wife, Jenn, and their son, Josiah. When he's not preaching, he's usually looking for great BBQ joints or his errant golf shots.

CHRISTIANITY. . .IT'S LIKE THIS: AN UNCOMPLICATED LOOK AT WHAT IT MEANS TO BE A CHRIST-FOLLOWER BY DAVID R. SMITH PDF

Do you ever feel like Christianity is way too complicated? Most people in America--and too many within the Church--don't have an accurate understanding of biblical Christianity, let alone, how to live it. Adding to this confusion is a world that continues to shift its ethics while offering a buffet of religious options. Christianity. . .It's Like This exposes the most important elements of the Christian faith, as well as the underlying weaknesses that threaten to corrupt it. This perfect fusion of precise doctrinal instruction and real-world application offers an uncomplicated, life-changing understanding of the Christian faith.

As engaging and practical as it gets!

By Eric

This book is such a smooth and profound read! I'm utilizing it with my students as part of a teaching series on the foundations of faith in Christ. Not only is this book a tool for faith defense, sound theology, and solid doctrine, but it is also very engaging! It's a practical tool for teaching, small-groups, and sermon prep.

Smiths' way of thinking and writing translates so well for teaching elements of faith that are often over-

complicated by teachers who sacrifice engaging and applicable teaching at the altar of sounding smart. You won't get bored reading it and you have some "aha" moments of illustrations and statements you can use to help others with their faith development.

This book is not baby food. It's a big juicy steak-- a tender and well-seasoned steak that anyone can digest. I don't often write reviews. And, I don't often find a book on faith I enjoy enough to finish. This one is high up on the list and I will definitely finish it and teach through it.

As a non-Christian I find this book accessible and a quick read but no more convincing than others of its type
By Rob Slaven

I received this book free for review from Netgalley in exchange for an honest review. Despite the privilege of receiving a free book, I'm absolutely candid about it below because I believe authors and readers will benefit most from honest reviews rather than vacuous 5-star reviews.

This book is an accessible introduction to the Christian faith. It covers all the standard topics from what is God? Who is Jesus and the Holy Spirit? And of course all the various points of what happens after you're dead and what should you do while you're still alive. In the interest of full disclosure, however, it must be noted that I am not a Christian and generally tend to view the mystical aspects of the Christian faith as pure hogwash. But in the interest of honest reviewing I will not let that obscure my vision as I look at this book as a purely academic endeavor.

To the positive, the book is, as it claims, very uncomplicated and easy to follow. It also adheres to the familiar and rigorous pattern of introducing a topic to you, telling you what it means to you and then backing up the point with citations from the Bible itself. It's an accessible but also academic form that the author has done a good job of using to make the potentially complicated very easily digested.

The only negative I would point out is that the book isn't really breaking any new ground. I've read lots of similar Christian "explainers" and they all seem to follow very similar lines. These are the same basic arguments that I've read a dozen times and as an atheist I'm no closer to believing them in this accessible form than I was when I read them in C.S. Lewis' "Mere Christianity."

In summary, this book is what it says it is. It's very accessible and a great primer for those who might be confused. I'd suggest, however, that it is just that though, a primer. Those who want a more in depth take or have deeper doubts, I'd suggest you go straight to the Lewis and skip this one.

PS: I hope my review was helpful. If it was not, then please let me know what I left out that you'd want to know. I always aim to improve.

An easy-to-read book for those who are find it hard-to-believe

By J. Cruz

I must hand it to David R. Smith, he has a very keen and inviting way of putting complex ideals into a layman terms. Anyone struggling with understanding things like the trinity or church community will not only be comforted, but also encouraged by Christianity: It's Like This. As a seasoned believer, I found the Scholar Sidebars to be very informative and thought provoking. Youth ministers in particular would find this book to be a useful tool when engaging with struggling students.
