Just what it says it is

By James Messick

I like it pretty nwell, haven't used it much yet.

Easy Classical Guitar Duets: Book/CD Pack

By loveguitar

I like this collection of duets, especially the last (and most difficult one), "Pavane, Op.50" by Gabriel Faure. Incredibly beautiful. I have played it many times (even with Charles Duncan himself). However, I don't let the fact that I know him personally and have played many duets with him over the years influence my opinion of his books. As a matter of fact, I have dissed a couple of them.

The duets progress from very, very easy (great for newbie guitarists) to higher levels of difficulty. Each piece is also broken down by parts (1st guitar and 2nd guitar parts) by level of difficulty. I teach classical guitar and use these duets frequently to teach my students how to play with another guitarist. The pieces in the book are all very good pieces written by famous composers (Mozart, Beethoven, Haydn, Dowland, etc...) but of course they have been greatly simplified for inexperienced guitarists, but are still very lovely to listen too.

The CD that comes with it is very helpful to play along with so that the guitar student can practice either part with the recording and get a good feel for his/her part. I haven't tried using my PC to play the CD yet so I don't know about that problem mentioned in the previous review, I've just played it in my boom box and it sounds great.

Just remember that it is a book of EASY duets. If you are wanting some intermediate or advanced scores, this book won't have them. I recommend this book to beginning guitarists. The notation is clear, NO TAB (yeah!) and helpful fingerings are given.

CD DOESN'T PLAY

By Iamchris

I presume the manufacturer is intentionally selling defective, unplayable cd's because of other reviews indicating this same fact. Amazon was supposed to follow up on this complaint, but I never received a response to my conversation with an Amazon rep. This is the first time I've ever been dissatisfied with any product I've bought thru Amazon.
