Required text

By Thomas A. Mc Hugh

This is a required text but parts of it seem simplistic and other parts seem to offer advice on how to follow the letter of the law when dealing with employees. Definitely represents a corporate management view when addressing dealing with employees.

Wonderful Resource

By Sheri

As a registered nurse back in school for her BSN, this book has been a wonderful resource. I would highly recommend it! This is one book that I have added to my nursing library.

Good information

By Mark

If you're interested in management of Nursing, this is a great book to have.

I had to purchase it as a requirement for a nursing course (management ta-da!) and was pleasantly surprised.

It's easy to read, has useful real-world application information (does that make sense?), and isn't ridiculously long.
