Features

- Used Book in Good Condition

Most helpful customer reviews

1 of 1 people found the following review helpful.

Fascinating photographs of Japan before the modern world intruded. | Predictably fine photos by Wright
By D Gill

The photos in this book will amaze you. The faces, the clothing, villages and urban places from a time before the modern world intruded...now entirely gone. Japan was beautiful unlike the ramshackle Chicago Wright knew. It is easy to see why Wright had such love and respect for this culture and chose to build here in a way that was quite different than his previous work.

How Wright found the time to design the Imperial, comb Japan for the great number of Japanese prints he would acquire for collectors in the US making, deal with Miriam Noel and go around making these photos is impossible to figure out.
