Review

Praise for Jeremy Bates and his books:

"Jeremy Bates has written a great book that would make a great Hollywood screenplay!"-- Suspense Magazine on *The Taste of Fear*

"Bates takes an intriguing premise to shocking lengths, revealing the outcome only in an epilogue. A graphically violent story with building suspense and a moral about where weaving such a web may lead."-- Booklist on *White Lies*

"The Catacombs is easy to consume whole, like a shocking, but delicious, pint of ice cream, as Bates never shies away from the bad or the ugly. If you are looking for something to give you chills before you go to bed or make you think twice about turning off your light, then *The Catacombs* is the book for you."-- San Francisco Book Review on *The Catacombs*

"[A] short, sharp shocker...Bates (*The Taste of Fear*) writes persuasively from [the protagonist's] adolescent point of view, making the horror of his youthful reminiscences that much more intense."-- Publishers Weekly on *Black Canyon*

"The story culminates in a tense situation and a surprising yet satisfying ending...well written and an exciting thriller."-- Suspense Magazine on *White Lies*

"The Catacombs is a thrilling descent into the unknown, peeling back the dark layers like a rotting onion, tears running down your face as you try to climb your way out. A hypnotic story of buried truths, disfigured creatures, and lost histories told with an authoritative voice full of heart and insight."-- Richard Thomas, Bram Stoker nominated author on *The Catacombs*

"Big on suspense...think of *The Blair Witch Project* with the exception being that this takes place in...a real haunted setting."-- HorrorAddicts on *Suicide Forest*

"Here's an enjoyable book to lose yourself in. Jeremy Bates doesn't miss a trick, teasing and misleading, ratcheting up the tension as the heroine...loses traction on a slippery slope of deceptions."-- Glenn Kleier, New York Times bestselling author on *White Lies*

"A horror story like none other...makes for a read that will delight horror fans who want their novels steeped in psychological suspense as well as action."-- Midwest Book Review on *The Catacombs*

Keep it up...I want more Scariest Places

By Kay

I enjoyed this tale just as much as the others in this series. This one is a little more violent and deranged than Suicide Forrest and Catacombs. I personally enjoy those types of horror stories. The darker, violent, and depraved the better. This was not that bad on those levels, even a mildly horror enthusiast would enjoy it. I appreciate that each book is a stand alone and has nothing to do with each other. My favorite so far is Suicide Forrest. I think it is important and says a lot when an author can write in a series and not force you to purchase additional books just to get to an ending. Their writing and story telling alone should be enough to encourage additional purchases. That being said, I have read most of Mr. Bates' books and will continue to do so.

Fast, Scary Horror!

By OutlawPoet

I just tore through Helltown by Jeremy Bates and I have to tell you - I am fast becoming a fan!

The latest in Bates' World's Scariest Places books is a bloody romp through backwoods horrors and Satanic Terrors. Reminiscent of books by Richard Layman, the story telling is hard and fast, barely leaving you any breathing room between thrills.

Now this one isn't quite as epic as some of the others. While we get a little of the history of Helltown, I wanted more history to add to the atmosphere. This is a little more of one of those 1970's horror flicks

starring Ernest Borgnine mixed with a little Texas Chainsaw Massacre. Still supremely cool, but I did miss the history and the atmosphere that Bates had in his books in Japan and Paris.

Nitpicking aside, this is still good, gruesome horror. And the fact that it takes place in a place you could actually visit only adds to the fun.

I'm on board for whatever Bates throws at us next!

Chilling

By Diana D

I had never read a Jeremy Bates novel until I read Helltown. I found it rivaling some of Stephen King's and Dean Koontz's early works---high praise indeed. I found it chilling and very believable, something which many horror novels are not. I will be buying more of Bates's works for sure !
