This book succeeds on many levels.

By Ma. Antonia Amorsolo

I've read numerous books on communication, body language, and charisma over the years and by far this is the most actionable I've read in a very long time. Not only does Holly Grant lay out a step by step action plan to follow but does so while walking you through his personal journey of transformation. I've been an

introvert for an awfully long time but I've been practicing Holly's stuff over, and I truly became more charismatic every day. My conversations are improving, I'm making more friends and just enjoying life a lot more. That being said, this is not a magic bullet. You have to actually do the exercises to reap the results, and it takes time. Building your personality is just like building any other muscle. It takes time to reach your full potential.
