More!

By Kalipall

I found this to be an innovative, engaging read. The characters are relatable and the plot flows swiftly and easily. I loved the introduction of a new type of paranormal (new for me anyway, there may be some elsewhere out there that I haven't discovered.) The world-building is consistent and interesting. This has romance, but the romance isn't the central story. This is the story of self-discovery, and an introduction into a new world filled with mythic creatures and implacable enemies. This is about one woman who discovers she is more than she ever thought she was, and her journey to find her place in a dangerous new world. I agree that I would've loved for the story to be longer, but I find this a frequent complaint with many of the books I read from authors I love. I'm ready for Book 2!

Fun & enjoyable read

By Skip

This book was a quick read. The characters interesting and well rounded. The dialog was fun and quick paced. I hope to see more of these. Kane & Renna, Jax, Holden & Wynn are fascinating characters. The story kept a good pace and kept me reading start to finish with no lull in action or slow places. Looking forward to seeing more of this.

Was hooked from the first page. This is a spectacular story with twists and turns that will leave you wanting more. All I can say is there better be a sequel, I didn't want to be done reading it.
