Johansson as well as be the first to know how the author implies the message and understanding for you.

PALI BUDDHIST TEXTS: AN INTRODUCTORY READER AND GRAMMAR (NIAS MONOGRAPH SERIES, 14) BY RUNE E. A. JOHANSSON PDF

Pali is one of the Middle Indian idioms and the classical language of Theravada Buddhism. It is therefore important both to linguists and students of Buddhism. This introductory book centres on a collection of original texts, each selected as an especially important and beautiful formulation of a Buddhist idea. By means of a vocabulary, translation and commentary, each text is explained so concretely that it can be read with little preparation. Detailed explanations are provided for the many technical terms, which have frustrated so many western explorers of Buddhism. For reference, a grammar is provided. Sanskrit parallels to many of the words are given, as well as a special chapter comparing the two languages.

Excellent

By R. Harrison

Brief texts from the Pali Canon are presented, followed by a list of all the words used, a translation, and an explanation of some of the grammatical features of Pali demonstrated in the passage. A great way for a beginning student of Pali to get a feel for the language before deciding to begin serious study of the language (or not).

\$59.95 for THIS??

By James

I was very excited to receive this book for my Pali studies, as I had been putting off purchasing it due to the price. It wasn't until I received a gift card in for the holidays that I decided to buy it. Given the purchase price I anticipated a sort of large tome with sutta's in it alongside translations and interpretations. I was shocked when I opened the package to see what was practically a pamphlet of a book, no bigger than Thomas Paine's "Common Sense".

It must have cost no more than a dollar or two to print a book this size. I feel scammed having paid so much for it.

That being said, what content it does have is useful.

7 of 9 people found the following review helpful.

A bit pricey, but...

By Tara Thomas-Grauer

This book is a dual-language English/Pali book with some of the basic teachings. In addition to that, it explains the translation word by word and has a pronunciation guide as well. It's really handy, though I would not recommend it as a sole text for a beginning student of Pali. The book was pretty thin (and softback) for the price, which is why I took off a star.
