Really...

By MoniLuv

I don't know where to begin...this story was very underdeveloped. I didn't understand the point the author was trying to make and I couldn't establish any type of connection with the main character. This is junior high writing at its worst! Sorry to be so blunt about it but don't waste your time even if it's free!

Rachetness

By Amazon Customer

The book is okay but this is the most ratchet character I've ever read about. For real having a 30 minute sex session in a dude's car...while your young kids are outta eyesight in you car unattended with the keys??? I know it happens, but this is sad.
