In a word... Great!

By Kathy Carrington

I've read a lot of SciFi/Fantasy and this series is one of the best. Most of the books being written today have very predictable plot twists; not this one! I agree whole heartedly with the reader from Louisiana - Mr Shelley, please let us know what happens to Gil next!

If you can't find these books in your local used book stores, try Amazon's ... used book location service. I've had good luck with both.

Read this trilogy OVER and OVER!

By Chad Blevins

I first stumbled across these books over a decade ago. Since then, I have read the series to myself several times. I have also read them outloud to my wife. (She loves my Uncle Parthet voice, ha!)

The author's writing style makes EXTREMELY easy and relaxed reading. A blend of wit, sarcasm, and action make the books FUN FUN FUN!

The story is interesting.

The characters are loveable!

Everything has its place.

I whole heartedly recommend this trilogy! My copies have been passed around among my friends - and

everyone agrees - these are GREAT!

My wife is re-reading The Son of the Hero for the third time now!

Amazing Books

By Rhianna

I first came upon this series at my local library and fell in love with all three books instantly. Ten years later they still remain my favorite books and hold the most coveted spot on my shelf. I highly recommend them to anyone and everyone. The story line is fantastic and carries smoothly through all three books. I love the main character Gil and enjoyed following his quests into Shelly's strange world. The story line is unique and perfect for anyone who enjoys fantasy novels and timetravel-esque books.
