TAROT OF CEREMONIAL MAGICK: A PICTORIAL SYNTHESIS OF THREE GREAT PILLARS OF MAGICK BY LON MILO DUQUETTE PDF

The Tarot of Ceremonial Magick is a new deck created by DuQuette and published by U. S. Games. In this groundbreaking book, he explains the symbology of the cards. On each card is shown the Zodiacal, Enochian, Ceremonial, Goetic, Tattvic, and Elemental components, along with the card's place in each of those systems, and its relationships to other cards. For students of Crowley's works, this new deck and book makes his conceptual connections more accessible. Illustrated. Bibliography.

Genial, dense stuff.

By Bat-Radish

There's a lot of information packed into this comparatively small book. One would expect a work covering merely the Qabala and the Goetia at the same time to be rather thick, but this--with astrological data and various Crowley-bits--is mysteriously not. Mercifully, not.

M. Duquette's secret is conciseness. Conciseness, and an entirely reasonable assumption that if the reader would like to know more about one of the book's aspects, said reader will do herself a service and find a more specialized volume. As a specific example: the Tree of Life is explained simply enough that I properly understood it for the first time while reading M. Duquette, but if I want to know why there isn't another world between the second tier of three and us, I'd do better to either pull a Yentl or look elsewhere.

The interpretations given the cards--the most vital aspect for me...I use it as a reference--are excellent. Straightforward, earnest, and completely free of the self-conscious waffling and preening seen in less

confident guides. It's nice to see the elemental sympathies of the cards spelled out for once, too. While M. Duquette is a Golden Dawner, for those who are not it must be noted that he keeps the Crowley to a comfortable and non-evangelical level. Very gracious of him. Quatrains suitable for use as memory aids are provided with each card, taken from Crowley's writings. He's mentioned occasionally. And, as per usual, the relevant aspects of his philosophy are explained and the rest left to the acolyte to research.

This book has plied me with enough confidence in my knowledge of the Tarot and the related occult sciences to begin art on my own deck. And isn't that nice? If you are a Tarotist, gentle reader, this book will show you faces of your familiar cards you likely have never seen. If you are a rank neophyte, like myself...well. You won't be for long.

REAL MAGICK IN A BOX

By Renus Hyena

This is not another novelty Tarot deck. In fact, it recaptures the true magical tradition of the Tarot as few decks have ever done. I have to admit that it isn't as pretty as the Crowley/Harris Thoth Deck or the Cicero's Golden Dawn Ritual Tarot, but it has something more than either of these classics ... in your face Magick!

The four Elemental Tablets of the Enochian system of John Dee adorn the Aces - with the Aces and Court Cards you can construct the powerful Enochian Tablet of Union. The Small Cards bear the names and sigils of all 72 Spirits of the Goetia, and the names of the 72 Qabalistic Angels of the Shemhamaphorash, and the degrees of the zodiac and days of the year sacred to these spirits. Want to project your astral body into the elemental worlds? The Aces and Court Cards display colored tattwa symbols used for that very purpose. DuQuette didn't just through this stuff on some cards and call it Tarot. All these magical correspondences, even the colors, are organized with anal retentive perfection in strict conformity to the most revered magical and qabalistic traditions concerning the Tarot.

The accompanying book is filled with all the technical information necessary to actually begin practicing Qabalistic, Enochian, and Goetic magick. The first question I had to ask myself after reading it was..."Am I ready for this?"

Second only to Crowley's book of Thoth in importance.

By A Customer

"It is not my intention to lure you away from any tarot deck you may currently prefer, but to help you understand the incalculable power and significance of whatever deck you may be using."...Lon Milo DuQuette...

The Tarot of Ceremonial Magick (U.S. Games) is not just another novelty tarot deck and the groundbreaking companion book by the same name is more than just a book about tarot cards. It's author and creator, Lon Milo DuQuette, is one of today's most knowledgeable and entertaining experts on the subject. His bold claim that the Tarot of Ceremonial Magick is the 'key that unlocks the secrets of all tarot decks' is backed solid scholarship and decades of magical practice.

Written in the relaxed, humorous style that has made his earlier works so popular, DuQuette demonstrates how the Hebrew Qabalah forms the foundation upon which the Western Hermetic arts (astrology, tarot, geomancy, and the various branches of ceremonial magick) are constructed. He goes on to reveal that the Tarot is a visual representation of qabalistic fundamentals and is the common denominator between the various Hermetic arts. "One could even say the tarot is the DNA of the Qabalah. Properly decoded it reveals not only the mysteries of the Qabalah but also that of all other Qabalah-based systems." To prove this DuQuette has ingeniously placed pertinent data and images relating to Astrology and the two most widely practiced varieties of Qabalah-based magick -- Enochian Evocation and Goetia -- on the cards themselves. His book provides remarkably detailed background information concerning these magical practices...a

single-source book without equal. The Tarot of Ceremonial Magick is truly the key that unlocks the secret of all tarot decks.
