Michigan Chillers Terror Stalks Traverse City

By A Customer

The book I read was a Michigan Chiller book. It is the second book. The main title of the book is Terror Stalks Traverse City. It's mainly about a boy named Matthew Sorenson. People also call him Matt. He has always wanted a magic kit. One day his grandma and grandpa sent him a magic kit for Christmas. Before Matt read the Directions, he tried to make something disappear. That's when it all started. This is a good book because the author Jonathan Rand makes you want to keep reading the book. At the end of each chapter, something happens and you want to read to see what happens.

Michigan Chiller Series - Great Reads

By Leigh Jones

My kids love the books in the Michigan Chiller series by Jonathan Rand. The books are all set in Michigan towns, but anyone from anywhere would enjoy them. The books are very suspenseful - but not too scary for small kids. They are written on a third or fourth grade level, but my second grader is reading them and loves them. She can't put them down. I'm also reading them aloud to my 6 year old kindergardener who is also enthralled. I highly recommend any of the books in this series and am anxiously awaiting the release of Dinosaurs Destroy Detroit.

Tempting Tales!

By A. Pyscher

Terror Stalks Traverse City is my son's favorite of all the Michigan Chiller Books he has read so far. He loves to read the Johnathan Rand books. Having recently met the author and having his picture taken with

him and the Chiller Van made our son's day!

Once he starts to read one of these books it seems he has a hard time putting it down. The Michigan Chiller books make kids want to read. Thank you, Mr. Rand!
