Highly recommended

By Greg Brown

I highly recommend this book. Mr. Huss has obviously done a LOT of research and is able to convey his teachings in a way that makes the reader feel supported and hopeful about retirement. While I have found his podcasts to be very informative, it has been VERY helpful to have a hard copy of his book to have a visual copy of the ideas presented in many of his podcasts.

Great book!

By DMiller

Amazing book! Everything I need to know about my 401k that I didn't know I needed to know! Clear, easy to digest, actionable advise to quickly analyze my 401k options to reduce catastrophic losses and maximize my chances of gains! Subscribe to the podcast and get this book. It's really all anyone needs.

An extremely helpful guide to help the average person understand ...

By Scott Allison

An extremely helpful guide to help the average person understand and make the most out of his/her retirement plan. George Huss writes in clear and simple language how 401k plans work, how to save money, what to do and how to do it. I wish I had read this book years ago.
