# THE COMPLETE BOOK OF GERRY ANDERSON'S UFO BY CHRIS BENTLEY PDF

The official guide to Gerry Anderson's television classic UFO is now available as an expanded, deluxe hardback in full colour for the first time. Now compiled with full access to ITV's extensive stills archive, the book includes a complete production history, comprehensive episode guides and full details of vehicles and characters. The chapter on promotion and merchandise is expanded with details on UFO-inspired comics and there is a new section on Anderson's feature film *Doppelganger*, considered by many to be the precursor to UFO. This is the definitive companion to the series that many fans consider to be Gerry Anderson's greatest work.

No Puppets Allowed

By Rig

A nice start to finish document detailing a highbrow sci fi show. UFO was before it's time with great acting, writing, and directing. This book gives the story to a somewhat obscure British live action Gerry /Sylvia Anderson show that had one of the America's best export to England in the 1960s, Ed Bishop. For UFO lovers this is a must have!

Great book but...

By Pierre Fontaine

This book is a wonderful resource and a great addition to the books that Chris Bentley has already written about Gerry Anderson's various shows. It is chock full of rare photographs and information. There is also a great section about the marketing and merchandising of the show which contains a great deal of information

that is not readily available. I do have two reservations about the book though.

First, the contents of the book are purely in black and white, unlike Bentley's books about Thunderbirds and Captain Scarlett. At least I was hoping for a color section in the middle. Economics aside, a color TV show deserves some color photographs.

Second, there is little concerning the effects of UFO, or the contributions of Derek Meddings and his crew of effects experts. The subject matter is covered and may well be all that the average fan of the show needs to know without getting too technical.

On the plus side, there's a great deal of information about the actors of the show, plus information about the individual episodes themselves.

All in all, a great resource and I hope that more books are forthcoming regarding other Anderson programs.
