Of course the content is good, but warning, the font size is TINY!!!

By Destiny Vick

I've read the 2007 edition of this book several times borrowed from the library and decided to get my own copy. When I saw this 2012 reprint edition I thought 'it's only paperback, same book' and at a marketplace bargain of \$2 (+shipping), I couldn't resist. I should have. Had I known/seen the font size (I'm no expert, but it looks like if the average size is 10-12, this must be a 6) in person, even at that price, I would have passed on it. Seriously, it's kind of disrespectful to the reader. You can see the text, but is unnecessarily small. It's a risk you take when buying things online, which is why I felt the need to post a review to warn others. Again, the content is solid, very good, but you have to be able to comfortably read it. I can't tell you how disappointed I am.

Experience More Prosperity Now

By sevadeep

The Prosperity Bible changed my life. It is actually a portal into accessing your mind and higher levels of consciousness.

I discovered this book in 2009 while going through a pivotal shift in my life. I decided to devote a year of my life to understanding and mastering the powerful teachings it shares about the mind and how to utilize it effectively.

I carried this book with me everywhere for months, and kept a journal of all my notes and the affirmations and new beliefs I was adopting. It sparked a conversation wherever I would go, and I found it powerful to share the book with others who immediately felt the energy of the book.

As my life continued to shift, I felt compelled to take my studies deeper and to include others that I cared about. I bought copies for 7 friends and we began reading together and discussing on a phone call once per week. They also began to see major shifts in their life.

The power of the book is its intention around helping the reader both understand their mind and understand how to sculpt it, one thought at a time. It also brings greater awareness into who we are as energetic beings having a physical experience called life.

I would highly recommend this book to anyone that wants to live life with more awareness and to create more harmony and prosperity in their life and the lives of others.

Not just a guide to wealth but a money saver!

By christopher

I think it should be noted that the Prosperity bible is a collection of popular books that have been on the market for years and that each of the 19 books cost about \$10-\$15.00 each. So really, this book is worth a minimum of \$285. That maximum that its worth depends on your! This is The Prosperity Bible! And you must believe, practice and do the teachings of these writings.

This book is a collection of new Thought books which teach that the creation of the universe as you experience it, especially your day to day life, is the mirror image of your dominant thoughts and beliefs. These are a collection of popular authors spanning over 100 years. And if you study the science of new Thought, you will come across many of these authors, so why not buy them all at once and save money too?!

is this the magic secret to making riches rain from the sky on you? YES! but consider how strongly you believe that cant happen. Thats the point of the book. Only your beliefs and thoughts put a cap on the amazing things your inner power can do for you. This book teaches nothing new, but what is unknown to most of humanity. The material world manifests not from money, or God, but from the power of your own thinking!
