THE RAMAYANA: A NEW RETELLING OF VALMIKI'S ANCIENT EPIC - COMPLETE AND COMPREHENSIVE BY LINDA EGENES, KUMUDA REDDY MD PDF

A delightfully straightforward and lyrical retelling of the ancient Indian epic of loyalty, betrayal, redemption, and insight into the true nature of life - one of history's most sacred ethical works, rendered with completeness and sterling accuracy for the modern listener.

Here is one of the world's most hallowed works of sacred literature, the grand, sweeping epic of the divine bowman and warrior Rama and his struggles with evil, power, duplicity, and avarice. The Ramayana is one of the foundations of world literature and one of humanity's most ancient and treasured ethical and spiritual works. Includes an introduction by scholar Michael Sternfeld.

Sublime

By Jim Rocca

First time I read the Ramayana was about 35 years ago - small paperback, very endearing story. About 12 yrs ago I read the complete edition 3 volumes long - enjoyed it. This edition by Egenes and Reddy is the best yet. High praise to the authors for what they selected to highlight, endless rewrites and their collaboration. Noticed in the acknowledgements they sought the input of many others to make sure they were getting it right - good move. Books of high spiritual content have a distinct quality of consciousness to them that extends beyond the written words. This particular book has touched me deeper than the previous depictions of this high epic. I've felt an emotional charge that has moved my soul, brought me to tears on some occasions. I've already bought more copies for others to share this experience.

Blessings to all who took part in this effort and may the intention of this work continue to move the seekers of Truth toward their highest goal.

This is not just "another version" of the Ramayana; it is special!

By Ark-Hal and Karen Karns

Linda Egenes' version of The Ramayana completely altered my experience of this classic work. It is simple and direct, yet very visceral in its expression. Each utterance or gesture of Rama and the other enlightened characters registered as a thrill in my physiology. I felt their presence almost as palpably as if I had been

there with them. Her "voice" has a soft touch, spiritual in its essence, as she guides us through the daily struggles and triumphs of these very human, yet divine beings. Reading this book is something I will do again and again, if for no other reason than to experience the bliss it creates. Thank you and congratulations, Linda!

Couldn't put it down!

By A.L.

It had been almost 20 years since I last read this story, that was another time and another place. I could not recall what version that was at the moment as it leaves only a glimpse of an impression in my mind now. So to pick up this new re-telling and rediscover this treasure of a beautiful, timeless story and have it come absolutely alive as I read... to have the pages fall away as the characters come to life, and to allow the story to weave itself into the fabric of my very own consciousness, as if I were there inside the story itself... these are the greatest gifts a book can offer, and this version of the Ramayana delivers these gifts effortlessly. It is beautifully written, easy to read, and tells a story expertly brought to life for those of us in the modern era who may not be born into the culture from where this story comes... Get this book you will not be disappointed!
