Review

"These new translations are excellent."--Choice

"The definitive edition of the Writings. The first volume . . . indicates the scholarly value of the entire series: an introduction setting the work in the context of Kierkegaard's development; a remarkably clear translation; and concluding sections of intelligent notes."--Library Journal

Language Notes

Hong*](#) This book is quite simple to read every time you have the free time.

THE TWO AGES : KIERKEGAARD'S WRITINGS, VOL 14 BY SOREN KIERKEGAARD, HOWARD VINCENT HONG, EDNA H. HONG PDF

After deciding to terminate his authorship with the pseudonymous Concluding Unscientific Postscript, Kierkegaard composed reviews as a means of writing without being an author. Two Ages, here presented in a definitive English text, is simultaneously a review and a book in its own right. In it, Kierkegaard comments on the anonymously published Danish novel Two Ages, which contrasts the mentality of the age of the French Revolution with that of the subsequent epoch of rationalism.

Kierkegaard commends the author's shrewdness, and his critique builds on the novel's view of the two generations. With keen prophetic insight, Kierkegaard foresees the birth of an impersonal cultural wasteland, in which the individual will either be depersonalized or obliged to find an existence rooted in "equality before God and equality with all men."

This edition, like all in the series, contains substantial supplementary material, including a historical introduction, entries from Kierkegaard's journals and papers, and the preface and conclusion of the original novel.

SKs strongest defense of the individual against society.

By doctordruidphd

What begins as a critique of Gyllembourg's "Two Ages" develops into Kierkegaard's most powerful examination of the confrontation between individuality and society. Chapter Three is, as far as I know, THE definitive existentialist manifesto of human individuality and its constant battle against being swallowed up by the mindlessness of modern culture. In a critique that is especially applicable in today's culture of mass media, body-babble and relationship-babble, Kierkegaard shows how conscious individuality is drained out of the individual by chatter and leveling. When the innermost private matters of the individual become public, then individuality loses its meaning, human consciousness collapses, and we have "the present age... relaxing in indolence." This is nowhere more clearly seen than in the present-day "talk shows", where the innermost private matters of the individual are bared for public consumption with all the tact of a street corner flasher. Kierkegaard's analysis, over 150 years old, is more relevant than ever in today's culture. If you are sick of hearing about "relationships", this book is a must. It is worth every penny, and may well be the most important book you will ever read.

There is a paperback edition!!!

By Orson Welles

The much less expensive paperback edition has a slightly different title and so may not have been linked on this page (also, the paperback came out in 2009, 21 years after the hardcover came out.

Kierkegaard's Writings, XIV: Two Ages: "The Age of Revolution" and the "Present Age" A Literary Review (Paperback)
