HOT HOT HOT non stop

By Lynda

HOLY HOT. This was an extremely hot hot hot book. This isn't a book for everyone. If you don't like menages then it's not for you BUT....give it a shot. These men really and truly treasure her. At first I didn't understand why she would even think about their offer....now I get it. Everyone should experience that kind of passion, love, lust, and sex once in their lives. I hope there will be another book. I could read about them all day long. Thank you for such a great book.

OMGAwD yeses!! where can I apply?

By Blissfully Bound

Ok so this story is all sorts of mmfmm wonder fullness (male/male/female/male/male). My only complaint is it was short. It is pretty graphic and not for those who think sex should be between 2 people. It has left me in the mood to go be double stuff ;) . With its steamy alpha males and the seemingly natural appearance of the women it is almost ever girls erotic dream brought to text. If anyone knows of a club like this...please forward their address to me, and lets road trip.

Interesting

By RA

I don't understand people who write reviews and say it was just sex. Why did they purchase erotica? I thought this was pretty good. I liked the characters and would have liked a little more background of why these great men decided to do this. The ending was interesting, bit of a let down but it was setting you up for book 2
