Different looks at the iconic investor

By Joanna Daneman

These are various profiles of Warren Buffett "The Oracle of Omaha" that appeared over the years in Forbes Magazine. Together, they paint a picture of how Buffett, with deceptive simplicity, became of the the world's wealthiest man, and more interestingly, his attitude to wealth and how he decided to disburse his wealth philanthropically and bring his children into the process.

My only complaint about the book is that it is too short--the 117 pages went by so quickly, I had to re-read the book. These are portraits you don't see in the papers every day, and the ones about his children are especially interesting. This is an amazing insight into a uniquely American family and a uniquely American success story.

A very good book

By R. Brown

I think this book has made me look at philanthropy in a different light. We can make mistakes with giving away our money and probably will.

This is a good book for any fledgling philanthropists out there.

Warren Buffett

By Barbara Beck

He has an interesting philosophy about philanthropy. Book gives good insite into his background and thinking, also good stories of his family life and associates.
